WYNAND VAN STADEN

Postgraduate student

EDUCATION

HTS Drostyd

Obtained my National Senior Certificate with an average of 85%.

Stellenbosch University

Obtained my Bachelors of Science in Mathematics and Computer Science. With a n average of 74%.

WORK EXPERIENCE

No work experience. I am eager to work.

PERSONAL & ACADEMIC PROJECTS

- Radio galaxy symmetry finder. Given a set of radio galaxy images collected from an interferometer. My honours projects was to create algorithms to find reflexive and curved symmetry lines on the images. This I successfully did. Increasing the research for the classification of radio galaxies This involved data analysis, creating algorithms and applying them in python.
- Several React apps.
- Small trading bots with MetaTrader API.
- Academic projects include creating a compiler, web applications, java programs, etc.
